Special Chapter 11

Last Day!
Make It Count!

Leafeon me, I'm here--
What's... going on?
I'm still trying to figure it out as well.
Mr. Flare!
Fluffy? Hey, we can touch now.
Shall we pick up from last time?
Very well.
Okay, but first, could you explain why we look so different now?
Remember the memories I showed you yesterday? The ones where you saw everyone being small and short?
I remember them.
I believe the current change is also the effect of "Reformation". Since it seems to only affect here, it must still be incomplete.
I'm afraid I too lack the knowledge of it.
You mentioned it before, I still don't know what that is.
pkm-150.deviantart.com

Now back to our topic. I'll make it as fast and easy as possible.
Can you see them? They are called Light Orbs. Each orb contains a soul of us from different worlds, but only a limited number of us was selected.
So that was how you got here, I touched one. What makes them so important?
I do not know for sure, but they might be the only way to end this "Cycle of Rebirth", a loop of our world.
I'm still confused.
When the world is in such a broken state, things are harder to understand.
I've already located all of them. The issue now is how we can reach them.
I see.
We'll figure out a way. By the way, about that foreign girl.
You mean CC?
That's right. All the items to reopen the portal to her world have always been where your friend found her.
Wait, you're saying she could've gone home at anytime. How come no one has thought of that?
That's not that simple. As long as she doesn't remember how to use them, they're useless.
To be fair, I have never even known that Entercards are capable of opening a portal to an alternate timeline. Maybe hers are special.
pkm-150.deviantart.com

So we have to find a way to remind her how to use those items. Got it. What now?
This world is on the verge of a great change. I'll tell you more once I find the answers. In the meantime, just enjoy your day.
Okay.
Are you leaving already?
Aye...
Sorry, just be a good boy, alright?
Fluffy is still a boy, right? Or a girl now? Or genderless?
What do you m--
This is going to hurt.
Wake up!
Gah!
Good morning, big brother-Flare! It's our last day here! Mr. Frank said we would go shopping then have a trip to the hot springs before we return here for a surprise dinner!
Why...? Why did you learn this from sis...?
pkm-150.deviantart.com

Meanwhile...
Good morning, everyone.
Hope you're ready, we're going shopping today so it's going to be a long walk.
Shopping!
At least it won't be as boring as looking at some rocks.
I wonder what Mr. Frank and the others are doing?
Woo! Hard to be-leaf it's our last day.
Will you cut it out with the jokes?
No need to give me the cold shoulder, my dude.
Brian!
Hey, those two are already down here.
Need more coffee...
Mollie, could you go upstairs and see if the rest of the kids are awake?
Sure.
So, what should I make for our surprise dinner?
Alright.
How about you keep it a surprise, darling?
I wonder how life would have been for me if that day had never happened...
pkm-150.deviantart.com

I should stop thinking so much on the past and try to remain positive.
Hello, is anyone awake?
All of us are, some of the boys might still be asleep.
I see, I will pay them a visit.
Hello, is anyone awake in there?
Help me, mommy...
Soon...
Looks like we're all here. Let's go have breakfast.
Finally!
Later...
Ooh...
Whoa...
pkm-150.deviantart.com

This place is huge!
Of course, everyone sticks together--
Okay, you all feel free to roam around and have fun!
Just be sure to regroup here at 12 PM.
And pay very close attention to Sunshine and Axel!
Okay!
Let's go!

pkm-150.deviantart.com

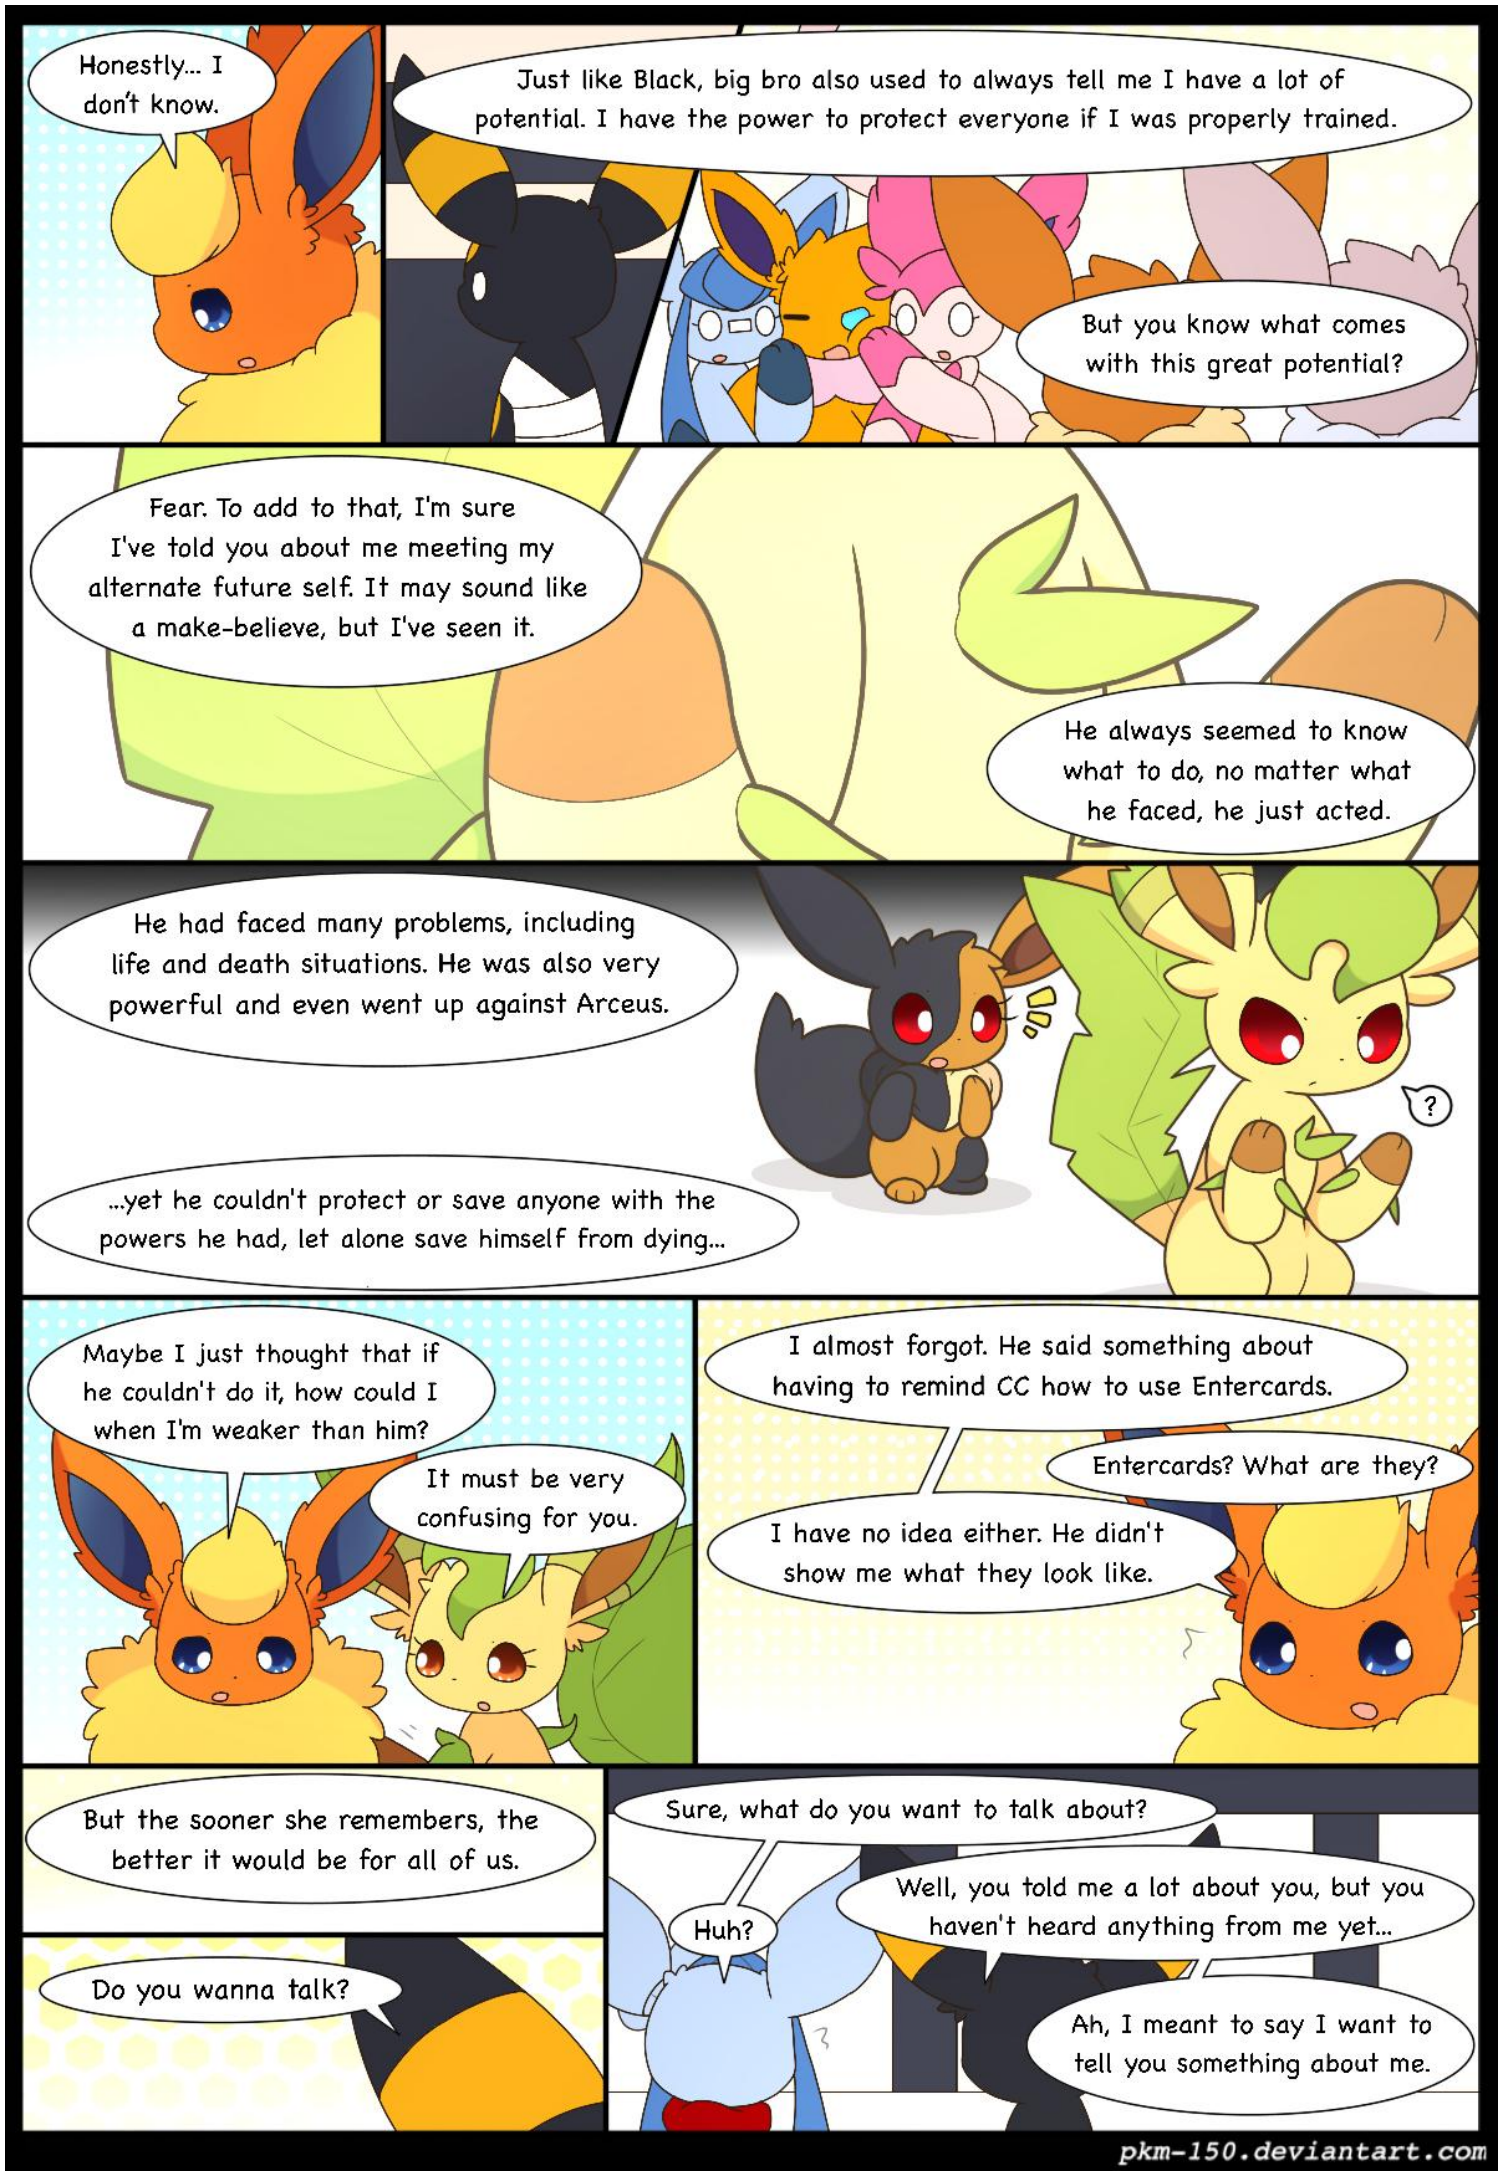
I said everyone stick together...
Let them have fun.
I feel like we spoil them too much...
First, we let a stranger stay with us just because your daughter said so.
Now we let them roam around freely in a gigantic place full of mons.
I agree with the first one. Especially, after seeing her magical ghost thingy. But for the second one, it's the last day. Let them have the time of their life--
Wait, does that mean you're suspicious of that weird Glaceon too? Does that mean you're on my side now?
I'm on neutral side.
Bah!
Come on, have faith in our niece's decision.
Despite her unusual powers, that girl can't be all that bad.
I don't know. I don't think that bow will suit me.
Come on, it could be nice to see you wear one.
I still don't know, but if it makes you happy, okay...
Maybe this one?
Well...
Th-thanks.
Amazing, it's like it was made for you!
pkm-150.deviantart.com

Soon...
I'm so glad that you and I finally got a chance to spend some time together.
Yeah... I gotta tell ya, I have seen some girls. But you, you're just amazing.
Really? Why thank you, Gai.
Upcoming tournament... Next month in Yangue Town...
Daddy, please try to stay awake.
yawn
Okay...
I'll pass... My body isn't stable enough for this.
Have you ever wondered how he has never bumped into a wall even once when his eyes are closed?
I stopped asking that question ever since I was friends with a Skitty.
Oh.
Yo Frank, what are you going to buy?
I'm just looking, what are you trying to buy?
A bagel... I have this strange feeling I like them and I may or may not have confused one with a wedding ring.
What?
What?
Aren't you worried about our kid? I mean, starting from tomorrow, he will no longer live with us.
I'm as worried as you are, but I believe our niece can take care of him.
I know, but it's just...
Knowing our niece, it's going to be fine.
I hope so.
So, where should we go?
Let's go to the jewelry store.
Sure.

pkm-150.deviantart.com

Soon...
What do you think will look good on you?
This.
Excuse me, how much is this necklace?
That one is on sale for 2000 Poké. That's real water stone with diamonds.
We'll take it! Does it come with a box?
Yes, it does. Here you go, have a nice day.
Do you like it?
Yup.
So do you think we should go to a cooking supply store now?
Why not?
Hmm...
Find anything yet?
No, I'm just thinking about something.
Brian can be annoying with his jokes at times. Maybe I should do a joke on him for once.
By the way, didn't you say Flare called you mommy?
I believe he did it out of shock. Poor boy never met his parents...
You could always adopt him and his siblings. I think you need them and they may need you too.
I... I'll think about it.
It's just a thought. No pressure.
Hey, Frank, look what I found!
Meanwhile...
Anything you wanna buy? I still have plenty of cash I borrowed from big bro.
No, thanks. Just looking around.
Huh?
So... what made you want to train?
I mean you told Gai you didn't want to, but then you accepted Black's offer. There's gotta be a reason behind it.
A bagel?
nom

pkm-150.deviantart.com



Honestly... I don't know.
Just like Black, big bro also used to always tell me I have a lot of potential. I have the power to protect everyone if I was properly trained.
But you know what comes with this great potential?
Fear. To add to that, I'm sure I've told you about me meeting my alternate future self. It may sound like a make-believe, but I've seen it.
He always seemed to know what to do, no matter what he faced, he just acted.
He had faced many problems, including life and death situations. He was also very powerful and even went up against Arceus.
?
...yet he couldn't protect or save anyone with the powers he had, let alone save himself from dying...
Maybe I just thought that if he couldn't do it, how could I when I'm weaker than him?
It must be very confusing for you.
I almost forgot. He said something about having to remind CC how to use Entercards.
Entercards? What are they?
I have no idea either. He didn't show me what they look like.
But the sooner she remembers, the better it would be for all of us.
Do you wanna talk?
Sure, what do you want to talk about?
Huh?
Well, you told me a lot about you, but you haven't heard anything from me yet...
Ah, I meant to say I want to tell you something about me.
pkm-150.deviantart.com

Alright, I'm listening loud and clear.
Well... You guessed one of the things I do in my free time a while back. You probably overheard me bragging about Yellow training me.
Who is Yellow?
You know who.
Oh, right. Carry on.
I'm the type of guy that always tries to find fun around every corner.
What do you consider fun?
Well, I consider a lot of things fun, hard to choose between all of them.
Why don't I tell you mine first? I think cooking is fun.
Cooking... I cooked something once and served it to my dad.
What did he think of it?
He said it tasted good. Well, until his face started to sweat and he had to use Ice beam just to get rid of the spicy taste.
I think I used a little too much hot sauce in that curry.
So, what do you plan to do with the rest of your time here?
Just have as much fun as I possibly can before we all have to go back home.
Well, I....
Okay, so what about the thing you like to do for fun?
Gai, come over here quickly.
Sorry, dad's calling. I'll tell you about it later.
It's alright, it was nice talking to you.
Same, you're a very good listener.
Thanks.
CC?
We need to talk about your lost items.
pkm-150.deviantart.com

Cousin-Pearl!
Oh hi, Axel.
No.
Wow, cool looking statue! Can I have one?
Looks like everyone is having fun.
Yeah.
So... Do you think Speedy is okay on his own?
I don't know, at least Pearl is next to him.
How about we get him a gift?
Sure, but what does he like?
Crystal said he likes gardening, cleaning and sleeping, but as of now, a pillow seems like a much better choice...
Let's try looking in a few shops!
Alright.
Meanwhile...
Aw, come on, Frank. Quit giving me the cold shoulder.
You already said that. Don't you do anything else besides telling jokes?
Of course.
And what's that?
Moving air into and out of my lungs to facilitate gas exchange with the internal environment or in another word... Breathing!
That doesn't count.
What am I being called here for again?
To be Frank, Frank, you need to lighten up a little and not be stone cold all the time.
sigh
Elsewhere...
So many things to choose from.
Yeah.
pkm-150.deviantart.com

There are cleaners for fur, cleaners for floors, cleaners for windows, and for outdoors.
Maybe there is something else we can get him over there.
How about we just get him this?
That could work.
Hey, Silvia.
You're a great friend.
Yeah?
Coming from you, it's kinda unusual... but thanks!
And I know you're hiding something... If you truly love Speedy, I won't mind sharing him with you...
L-let's just bring this to the checkout counter!
Um...
Later...
How much longer is this going to take?
Sorry, but I have to pick the right pot for our dinner.
It's been a whole thirty minutes of us just looking at pots and pans.
How about this one then?
That's fine. Now can we please go? This is starting to feel like a filler in a story book if you ask me.
Yes, we can go now. I think this pot will do.
Finally, let's get going. I hope the others aren't having a boring time as we are.
Meanwhile...
Daddy! Daddy, don't fall asleep!
Zzz... Zzz...
Five more minutes...
pkm-150.deviantart.com

Hey, isn't that Speed, Crystal, Sunshine, our niece, and our boy?
Can I jump on him?
No.
Let's go over and see what's the matter.
Hello, sweeties, what's wrong?
Daddy won't wake up.
Oh, is that all? Let me try.
A-aye!
Mom, are you sure?
Yeah, honey, are you sure about this?
Don't worry, I know what I'm about to do.
Okay, stand back, everyone.
Aye!
Who, what, where...?
It works.
Thank you for waking up daddy!
It was my pleasure.
So do you all want to join us? We're about to head back to the rest of the group.
Why not?
pkm-150.deviantart.com

Meanwhile...
We found some amazing deals so far.
I know, there's a lot of sales going on right now.
Blaze?
Yes?
Is it okay if we sit down and talk?
Sure, let's find a place to sit.
Blaze, can you tell me what it's like to have a family?
Well, not all families are the same. They come in all shapes and sizes.
Please tell me.
With my family, there's not much to talk about.
Alright.
Brian can be... bothersome, but he is very sweet.
Can you tell me something fun you did together?
What else?
There was a time when he and I went to a restaurant and he told jokes to the staff there.
We went out and walked along a mountain pass.
What did he do then?
He still only made puns.
Oh...
Well, let's just go back to the others, okay?
Blaze.
Yes?
You're lucky to have your family.
Come on, let's go.
We're back.
Ah, I see. It's almost time for us to leave for lunch and the hot springs.
Aww, it's almost time to go already?
I'm afraid so.

pkm-150.deviantart.com

We're back too.
Ready to go!
Here.
I can't wait until we go to the hot springs!
Yeah.
What about Bla--
Okay.
Present.
Good, that's everyone. Let's get going.
I think I'm going to head back to the beach house if you don't mind.
Yeah.
Are you sure you'll be fine on your own?
Okay... Mind if you take this and put it in our room when you get there?
Sure, I don't mind.
Later.
Do you think we gave her a headache?
I hope not. We just wanted to help her remember how to go back to her home.
I really miss my home... I hope I can remember how to get back soon.
Flare and Leaf helped me remember a bit more. That's a start, I guess.
Entercards... How do I use them again?
My head still hurts a little thinking about it. Oh well, I'll just focus on getting back to the beach house for now.
pkm-150.deviantart.com

Look at all the shops. There must be more than a hundred of them!
sigh
Let me guess? You want to go into all of them.
Why not?
Can we, daddy?
Yeah, can we?!
We are almost at the hot springs.
I think we have time to go into one more shop.
Alright, everyone, why not pick one shop for all of us to enter together before we head to the hot springs?
There!
Over there!
That one!
How about that shop?
Maybe it's better if I choose the shop...
pkm-150.deviantart.com

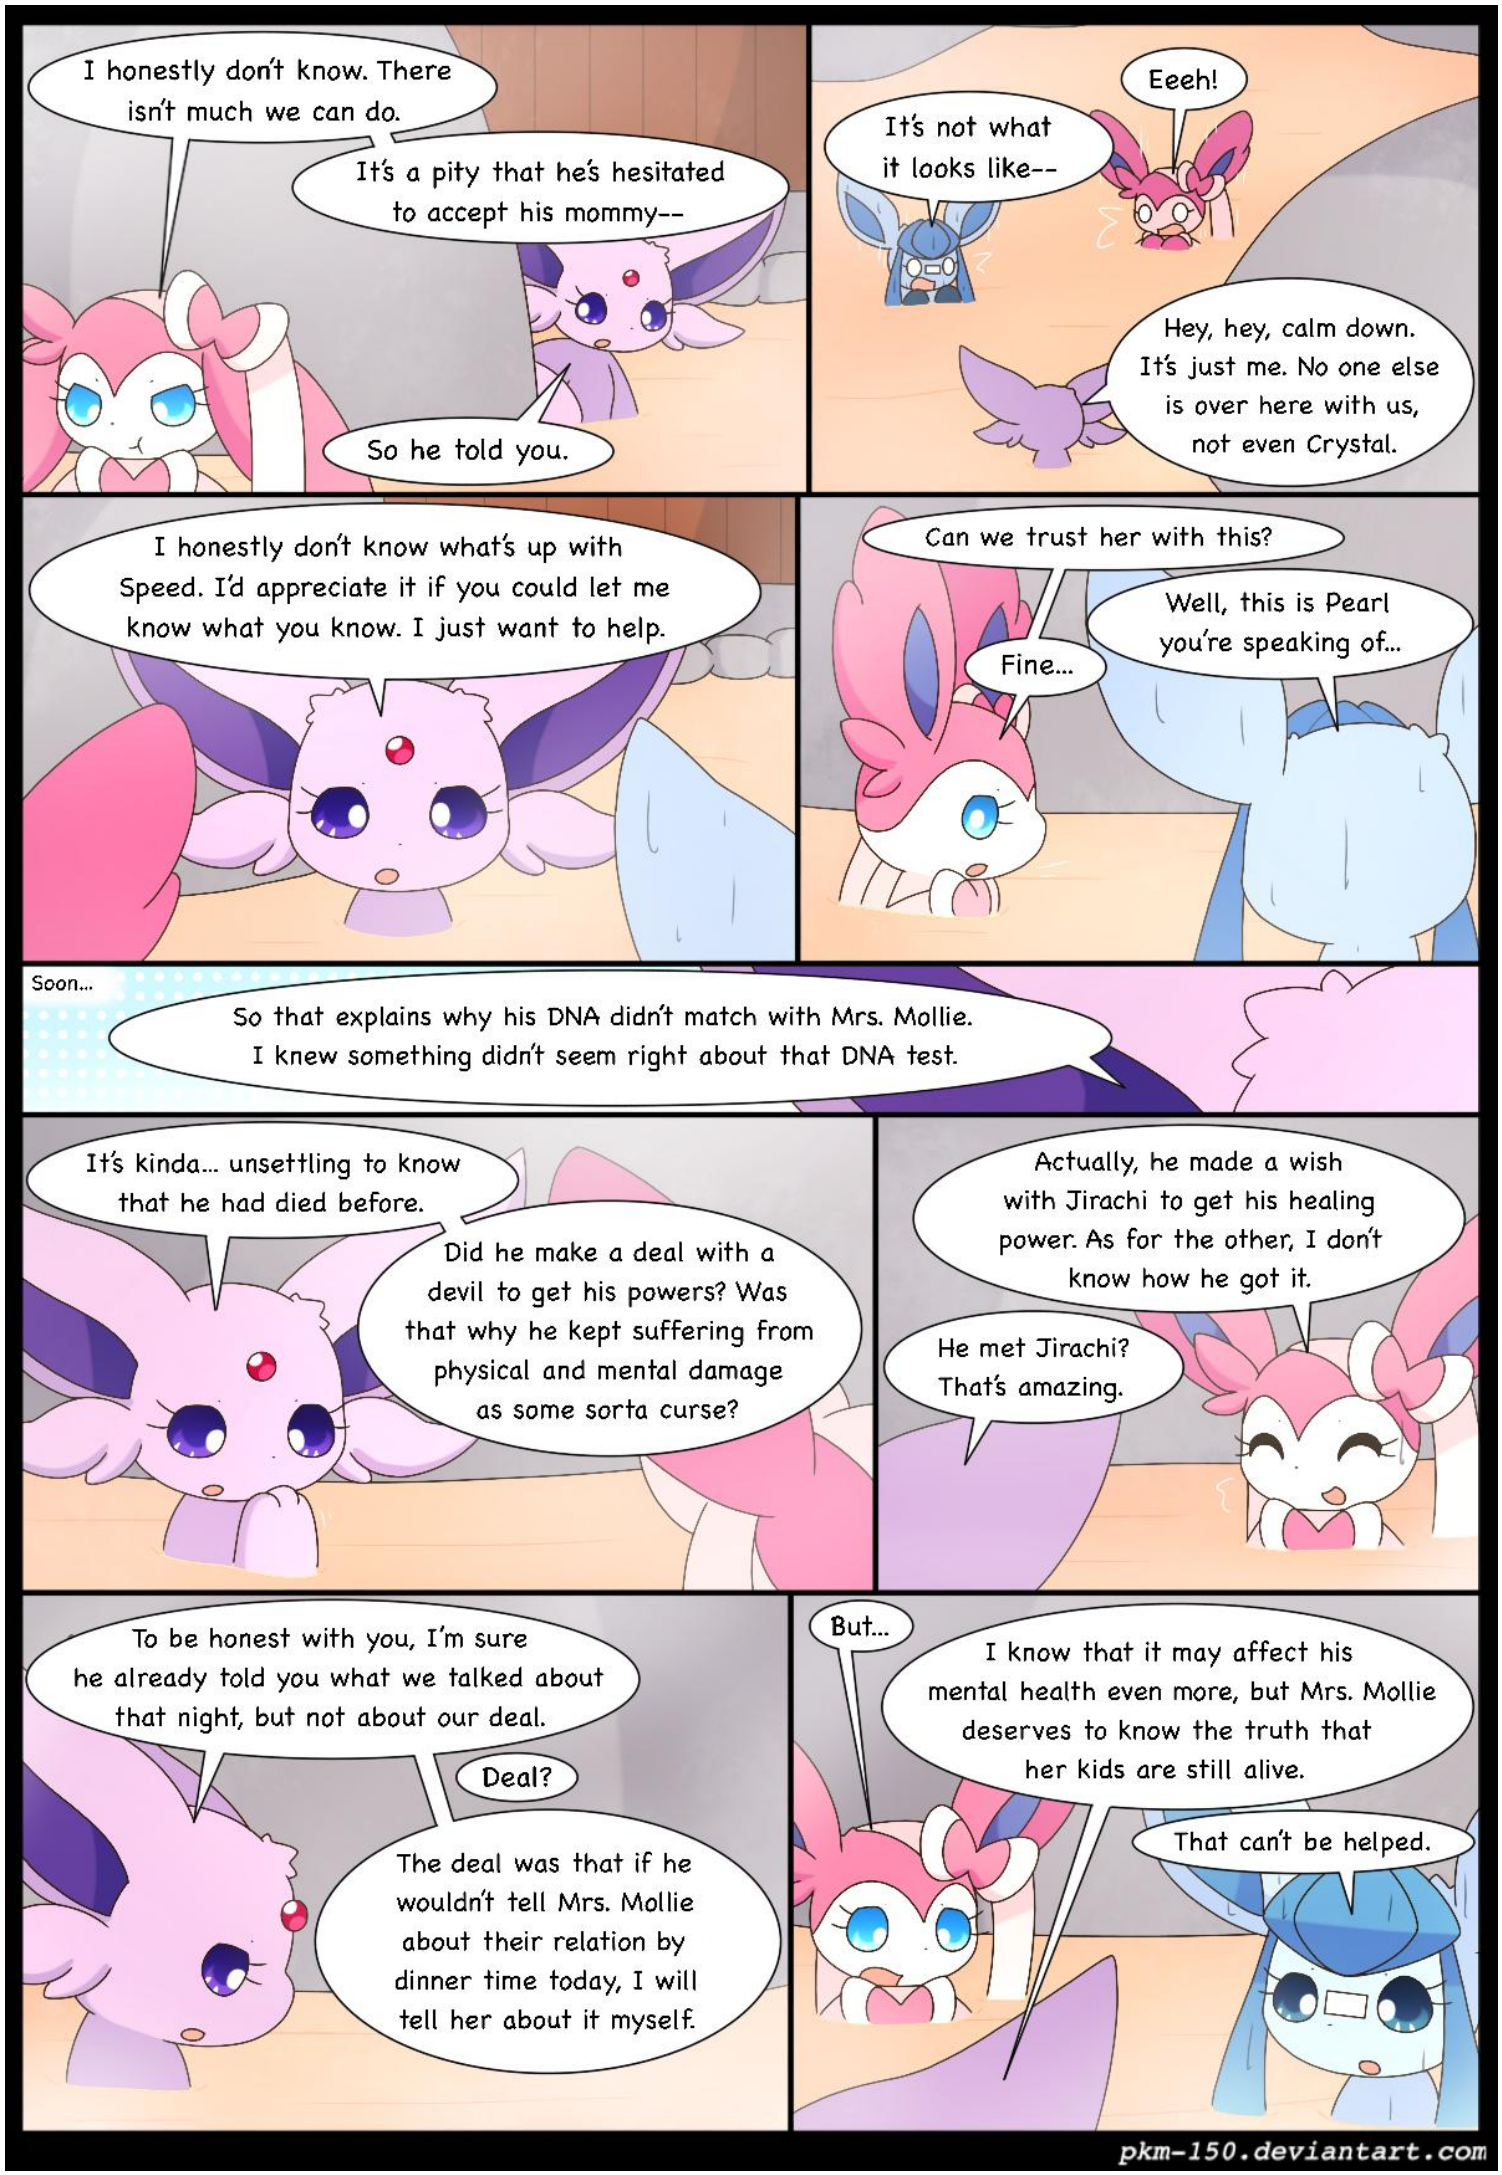
pkm-150.deviantart.com

I can't believe I lost again.
Teehee, we'll get some books for you after this.
Hello! We're wondering where you keep all your dolls!
I'm so sorry, the last doll was sold this morning.
Whaaaat?
Can I recommend you something else? We have comic books, snow globes, lots of other stuff.
Comic books!
Nooooo...!
Aren't we forgetting someone...?
Ah! Where's Flare?
Don't worry, Big bro. I'm just looking at the candies over there.
Oh, okay... Just remember not to eat any of them.
I'm just going back to look at them.
We're now reporting the monster attacks on Grassland Continent.
The situation hasn't changed much--
Argh!
Run...
Are you alright, ma'am?
You shouldn't get too close to the war zone.
Leafeon me-- I mean Solar, are you seeing this?
Clearly, that was an odd behavior. Those things have developed some compassion, but for what reason...?
...
pkm-150.deviantart.com

pkm-150.deviantart.com

It's been a while since I've been to a hot spring...
Me too, it's so relaxing here.
It is.
Aye!
So what do all of you plan to do once we get back home?
I guess we all will head back to the treehouse, but this time Axel will be joining us.
I hope you'll do a great job taking care of him, Pearl.
I will. What about you and uncle-Bolt? What will you do?
Go home and rest, this vacation took a lot out of us.
Tell me about it.
Well, but we had fun.
Yeah! What about you, Mrs. Mollie?
I guess I'll go back with Rin and Bolt.
Hope you could visit our treehouse sometime.
Maybe I will, thank you for the offer.
Mom, what about you?
Probably same as usual.
I hope daddy is less sleepy when we get back.
Speaking of him...
Silvia, come with me.
Okay.
What is it?
About Speedy, did you sense his feelings before the bath? How do you think he's feeling?
I think he's doing fine. The exhaustion took a toll on him. He didn't really react to seeing Mrs. Mollie anymore.
That's good then. What should we do?

pkm-150.deviantart.com



I honestly don't know. There isn't much we can do.
It's a pity that he's hesitated to accept his mommy--
So he told you.
Eeeh!
It's not what it looks like--
Hey, hey, calm down. It's just me. No one else is over here with us, not even Crystal.
I honestly don't know what's up with Speed. I'd appreciate it if you could let me know what you know. I just want to help.
Can we trust her with this?
Fine...
Well, this is Pearl you're speaking of...
Soon...
So that explains why his DNA didn't match with Mrs. Mollie. I knew something didn't seem right about that DNA test.
It's kinda... unsettling to know that he had died before.
Did he make a deal with a devil to get his powers? Was that why he kept suffering from physical and mental damage as some sorta curse?
Actually, he made a wish with Jirachi to get his healing power. As for the other, I don't know how he got it.
He met Jirachi? That's amazing.
To be honest with you, I'm sure he already told you what we talked about that night, but not about our deal.
Deal?
The deal was that if he wouldn't tell Mrs. Mollie about their relation by dinner time today, I will tell her about it myself.
But...
I know that it may affect his mental health even more, but Mrs. Mollie deserves to know the truth that her kids are still alive.
That can't be helped.

pkm-150.deviantart.com

I think we should change the subject. How are you and Black doing?
Lazi, Pearl kinda gave up on him.
What? Wait, Lazi?
I'm just thinking of giving you a nickname.
It's nice of you to ask, but Silvia is right. I did some stuff that ticked him off.
Moreover, the one that he loves isn't me. I love him too much that I have to let him go.
Hey, let's just go back to the others.
Meanwhile...
Hey, Frank, can you guess what I am right now?
A steamed salad?
Close, a steamed salad dad!
I swear if I hear another joke from you, you're going to be one frozen vegetable...
Zzz Zzz
Big bro fell asleep again.
Hey, what do you all plan to do when you return home?
I plan to start training Flare and Axel.
Sounds fun.
I will try to understand some stuff I've learnt.
Interesting.
I hope to have more fun times with all of you!
Haha, nice!

pkm-150.deviantart.com

What about you, Yellow?
Zzz Zzz
Guess he'll sleep.
What about you, Mr. Bolt?
I plan to test out some new recipes when I get back home. That's about it.
Cool!
Big Brother-Gai, what about you?
Once we return home, I will continue my training with Yellow and take things more seriously this time.
Hey, I know it's weird to ask. How's your wife?
Who knows?
Really? What kind of husband are you?
We were never properly married.
Geez, harsh. What was she like?
"She" was more of an adventurer type, always moved from one place to another. Me? I'd rather stay in one place.
And life must go on. That was the reason that she traveled away.
Well, she did come back for you then since you have 2 children who are 3 years apart. So why did you allow your daughter to live with mine? Don't tell me she reminds you of your wife, so you couldn't disagree with her.
Could be.
Wouldn't it be dangerous for her though?
Says the one who let his own daughter live with a group of strangers.
Hey, hey, I actually hesitated at first.
Then what changed your mind?
Him.
That boy?
pkm-150.deviantart.com

To be fair, I've never met him until this vacation, but Rin had. She told me a lot about Pearl finding someone who actually matched Bolt's description of who her future husband should be.
Funny enough, my son also kept telling me about that kid. Just what made him so special?
Big brother-Black, could you wash my back?
Oh, um... sure.
Thank you!
Solar, can you hear me?
Oh, hey. Just currently getting caught up in something.
Is it bad?
No, no, it's nothing. What's up?
Oh, um... Just wanna ask you something. I hope it's not too personal. What was your life like before you know... that stuff happened? And what about your wife? Surely, you must be old enough to have a kid.
I'd say nothing out of the ordinary. As for my wife... she was kind and gentle.
Wow, what kind of Pokémon was she?
Let's just change the subject...
Ah, sorry... So um... What happened to you and sis after what happened to big bro...?
You know Trace?
Trace? Oh, big bro's friend. What about him?
He came to us and offered to take care of us the same way big brother did. He was a really great guy. After living with him for quite some time, he opened up to me and told me everything that big brother had been through and I decided to help him finish what big brother started.
What big bro started?

pkm-150.deviantart.com

I'm sure I've mentioned the Alpha Berserker War to you.

Alpha Berserker War... Oh, right. What was it like?

It was a war between a group of Berserkers and Psychos, and a group of Scavengers and us, Outcasts. Or in other words, Category 1 and 2 against Category 1.5 and 3.

I believe I've already showed you what the original Category 1.5 looked like, just not their second form.

That war ended with the good side winning, blending themselves with the society and living amongst them.

Some time after I became an adult, Trace proposed to sis and married her.

Sis married Trace? Wow, what about you?

I married to someone Silvia introduced me to. We all had a kid of our own and lived a normal life until...

Your world began to fall...

Yeah... It still feels like only yesterday, everything was all nice and peaceful. Then suddenly, that happened...

To be honest with you, despite their godly regeneration and extremely high infection rate, Deomorphs weren't much of a threat until they found a way to target Legendary and Mythical Pokémon by consuming them, stealing their powers and cloning them to add to their army.

As events worsened, we sought new powers, new allies which also included the remaining Legendaries and Mythicals. I even joined forces with Darkrai.

All the efforts we made to save our world left us to doubt all about Arceus and his status as a god, for if he really was a god, why didn't he stop them?

Just a moment ago, I realized that there's a strict rule about gods not being allowed to interfere with mortals.

And Deomorphs had never planned to take over the world, they were conquering the world to find the Creation Trio and Arceus so they could steal their powers and use them to erase the Memory Path and themselves from existence.

I believe they had inherited the Berserker's memories and attempted to end the Cycle of Rebirth via that method.

pkm-150.deviantart.com

If the Memory Path ever gets erased from existence, every Berserker from all dimensions, worlds, universes will disappear along with it, preventing the Deomorphs from being created, ending this cycle while causing paradoxes.
Sounds scary.
No need to fear, that'd never happen.
However, I still need to find out the true intention of your world's imperfect Deomorph. From what we saw a while back, they appeared to have a different goal. I'll do the research, as for you, try to take your mind off it for a while and enjoy your time.
Okay...
Till we talk again, have fun.
Later...
Everyone already went inside. How long are you going to stay in there?
5 more minutes!
Geez, Frank, are you seriously going to drag me inside?
Huh?
Frank isn't here.
Whoa!
Heh heh, couldn't wait inside?
Really? You're literally in a male's bath just to see me.
No, I just thought I would... Ah, never mind.
Brian, could you just take things seriously for one second?
I'm listening.
Do you know that there are times and times that you're very irritating?
Well, it would be a lie if I said no.
The thing is... you always embarrass me and Pearl whenever we go out. You talk and joke around like you don't care about how others would think of you and keep on going nonstop.

pkm-150.deviantart.com

You... you're never afraid to be who you are. Why did someone brave and bold like you want to be with someone awkward like me...?
Blaze, my dear. You may not be perfect, but you don't need to be. I love you just the way you are and nothing is gonna change that.
Brian...
You know... I was actually planning to heat up the water you were in to prank you before I changed my mind.
A prank, you say? That's nasty.
Brian!
What? I'm just saying.
Later...
Woo! We're back!
Axel kept talking about surprise dinner. Thinking about it made me hungry.
Don't get too excited.
Let's head inside.
Right behind you.
Blaze, Mollie, do you think you could help me with our dinner?
We're more than happy to help.
That sounds nice.
You too, honey.
I was starting to think you would count me out. Alright, let's get the cooking started!

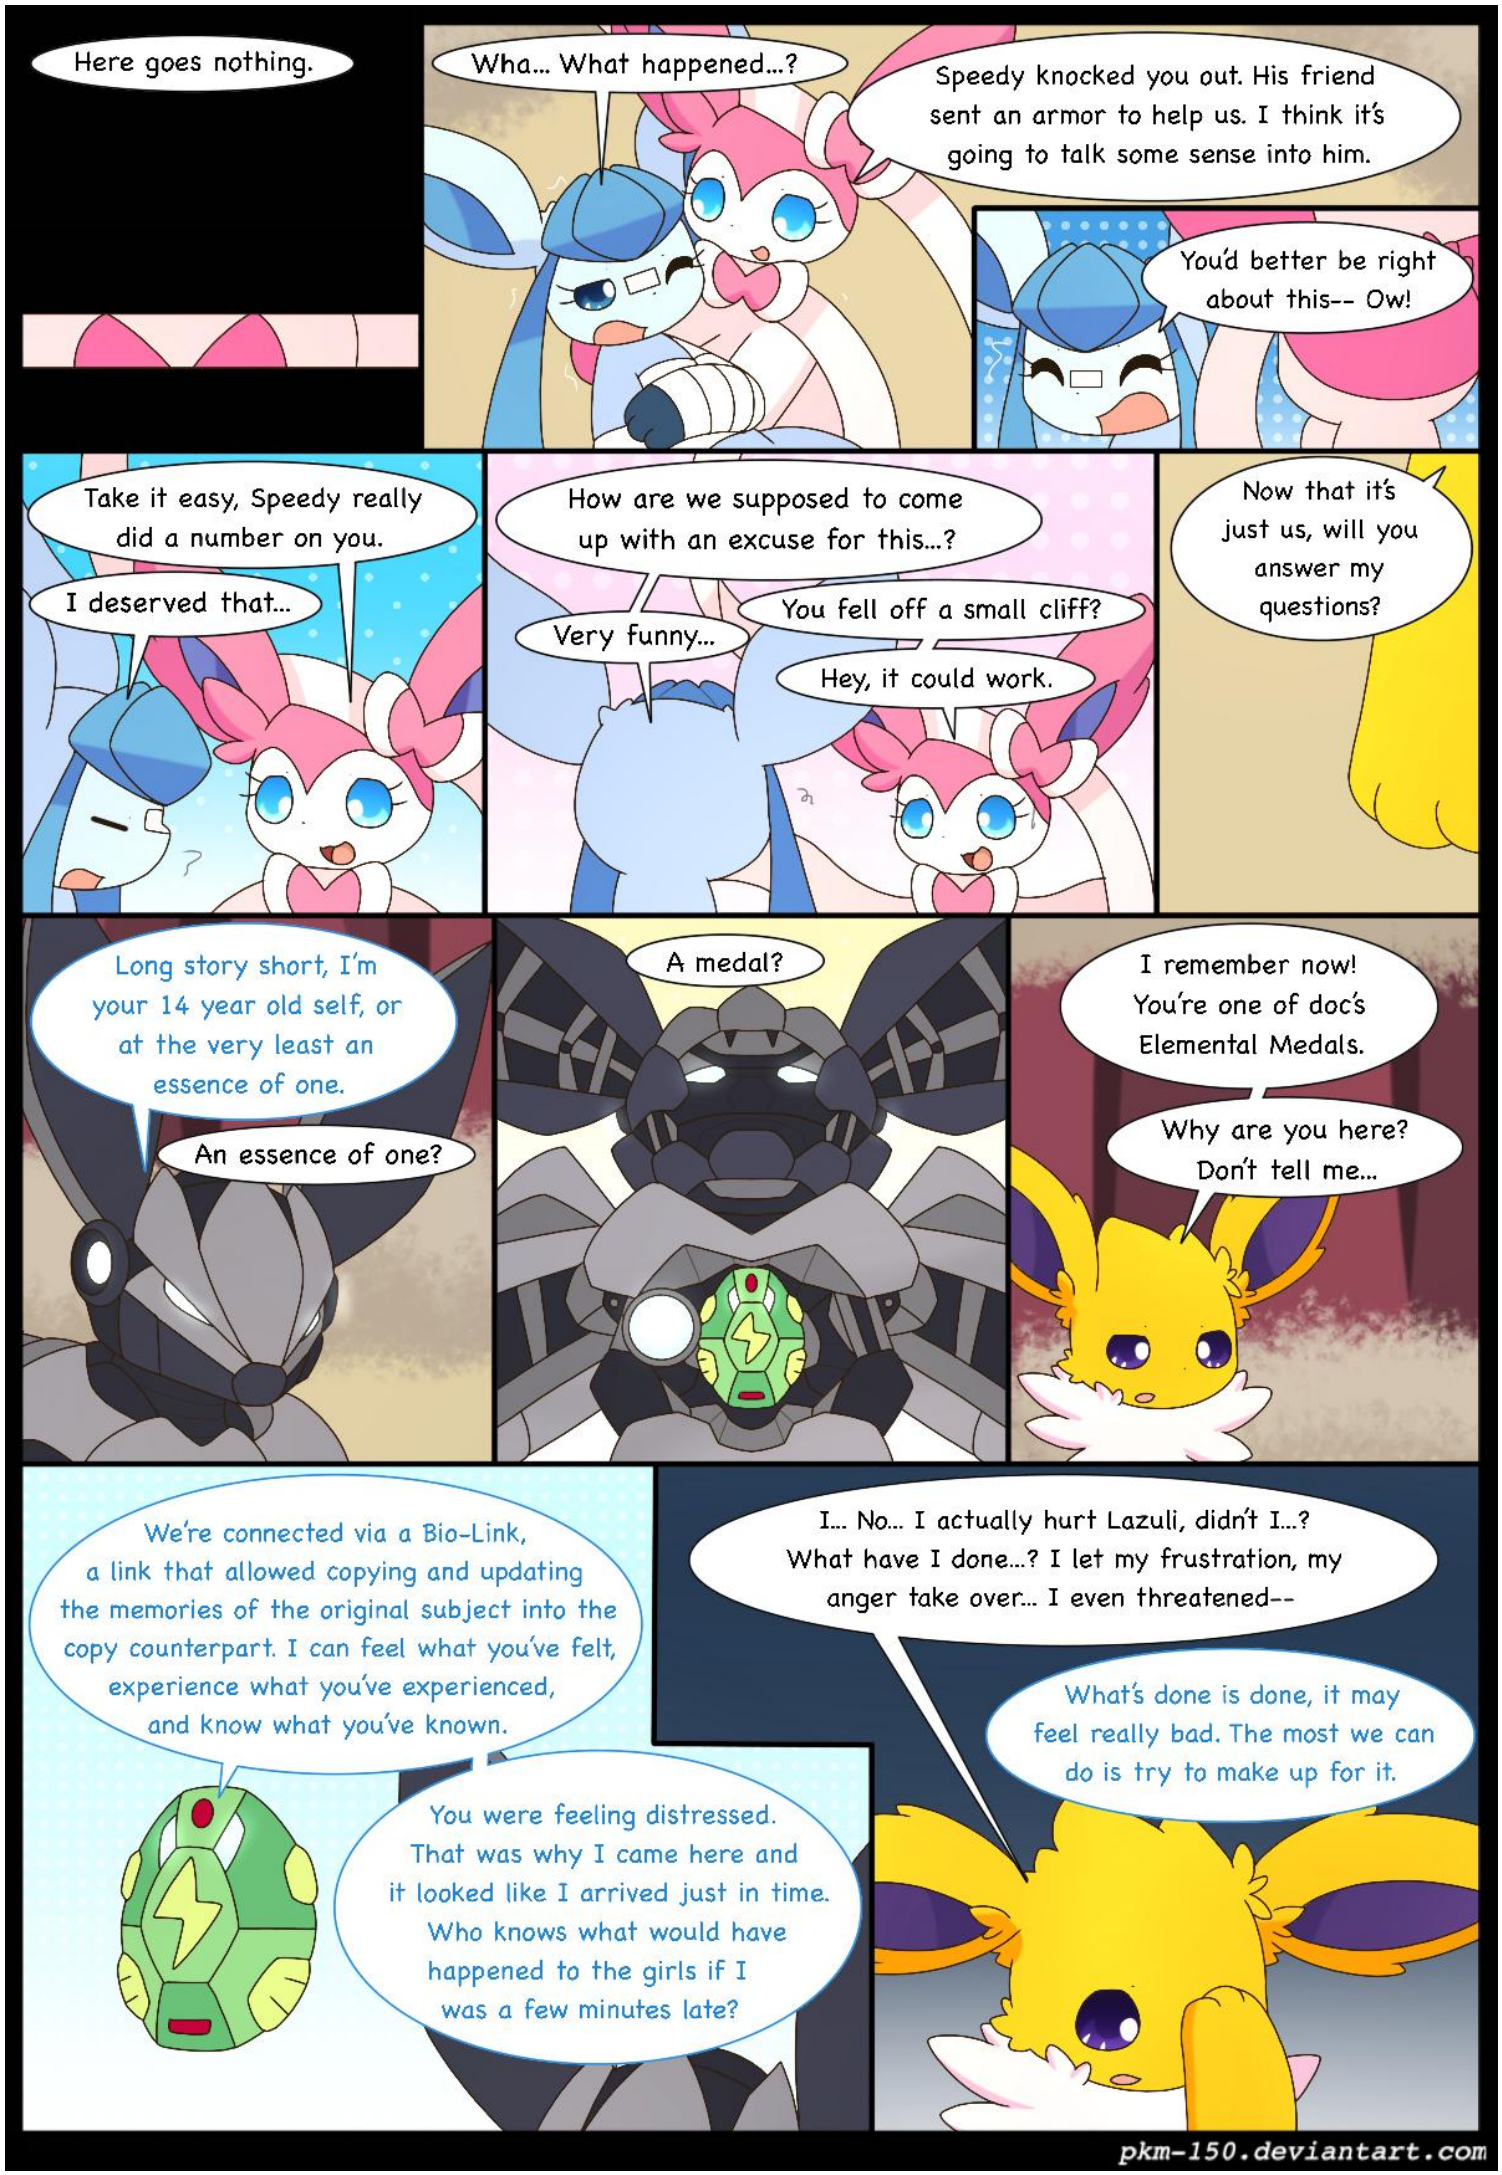
pkm-150.deviantart.com

Let's go!
Aye!
Don't run--
?
What are you waiting...
...for?
Your eyes...
Speed!
Did he just teleport...?
No, you've seen him do this before.
Okay, I get it. He can run super fast, but where did he go?
I don't know, let's look for him.
Later...
There you are!
We've been looking for you for nearly an hour, and you've been here the whole time?

pkm-150.deviantart.com

Leave me alone...
No, we're not leaving you!
I said leave me alone!
Ah!
D-did he seriously just attack us...?
Leave... now...
No! You need help!
Yeah, we just want to help!
Help? After all the abuse you caused, you, of all the rest, want to help?
I know I messed things up, I hurt you! I'm really sorry! I really am--
>□<
?!
Ah!
Gah--
Argh!
Lazi!
Speedy, What is wrong with you?!
You think you could just make me forget what I am?!
Speedy, please listen! You think you're not real, but that's not true!
The real Speed died 4 years ago, eaten by an undead Venusaur! I'm just another one of his copies!
No, you're not! Think about it again!
pkm-150.deviantart.com

If you're fake, how are you still able to use your blue eyed power? That isn't a regular Jolteon's power.
Your soul just sought out a new body to be reborn into. If you're a copy, that power should have gone along with your original body, but it didn't.
This means you're still the real you and will always be--
What made you think I'd believe that?!
Silvia, step aside...
No, you're going to hurt her again!
Last chance, do it or--
Enough!
Stay away from the girls.
What...?
Is she okay?
Oh, umm... I think so.
It's not much, but it should do the trick. Use it to treat her wounds.
O-okay.
Who or what are you? Why do you have my voice? And why are you inside my armor?
You want answers? Follow me.
Try anything stupid and you will temporarily lose your ability to walk. Clear?
Fine...
A Reviver Seed... Never used one before.
pkm-150.deviantart.com



Here goes nothing.
Wha... What happened...?
Speedy knocked you out. His friend sent an armor to help us. I think it's going to talk some sense into him.
You'd better be right about this-- Ow!
Take it easy, Speedy really did a number on you.
I deserved that...
How are we supposed to come up with an excuse for this...?
Very funny...
You fell off a small cliff?
Hey, it could work.
Now that it's just us, will you answer my questions?
Long story short, I'm your 14 year old self, or at the very least an essence of one.
An essence of one?
A medal?
I remember now! You're one of doc's Elemental Medals.
Why are you here? Don't tell me...
We're connected via a Bio-Link, a link that allowed copying and updating the memories of the original subject into the copy counterpart. I can feel what you've felt, experience what you've experienced, and know what you've known.
You were feeling distressed. That was why I came here and it looked like I arrived just in time. Who knows what would have happened to the girls if I was a few minutes late?
I... No... I actually hurt Lazuli, didn't I...? What have I done...? I let my frustration, my anger take over... I even threatened--
What's done is done, it may feel really bad. The most we can do is try to make up for it.

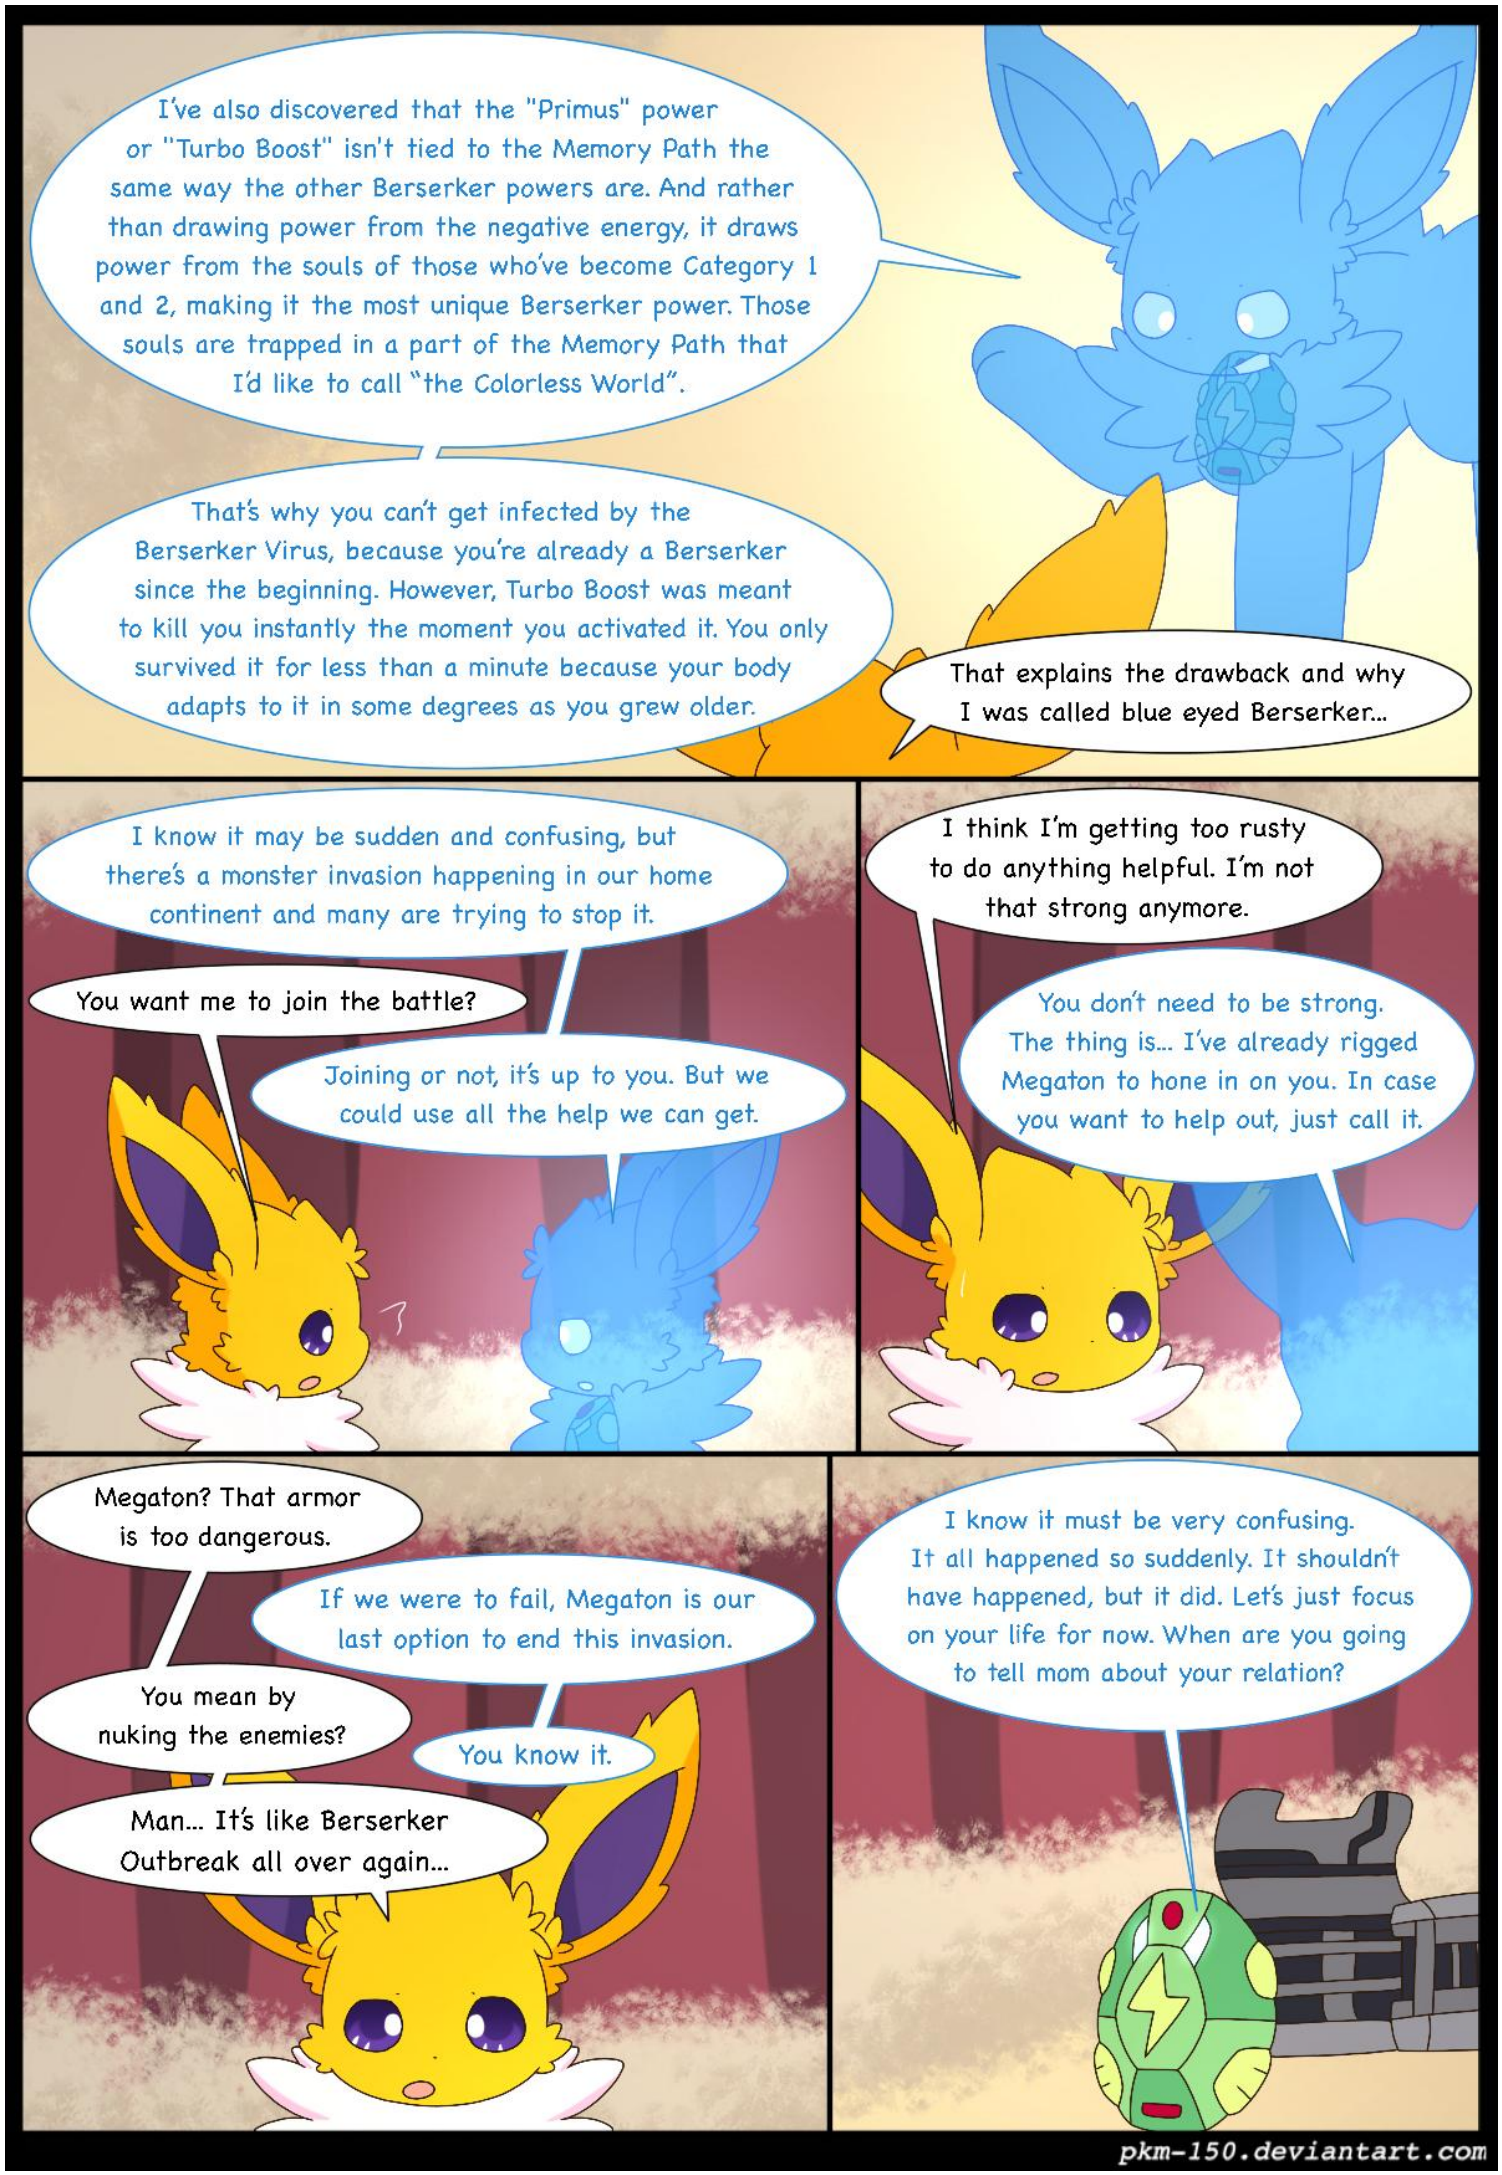
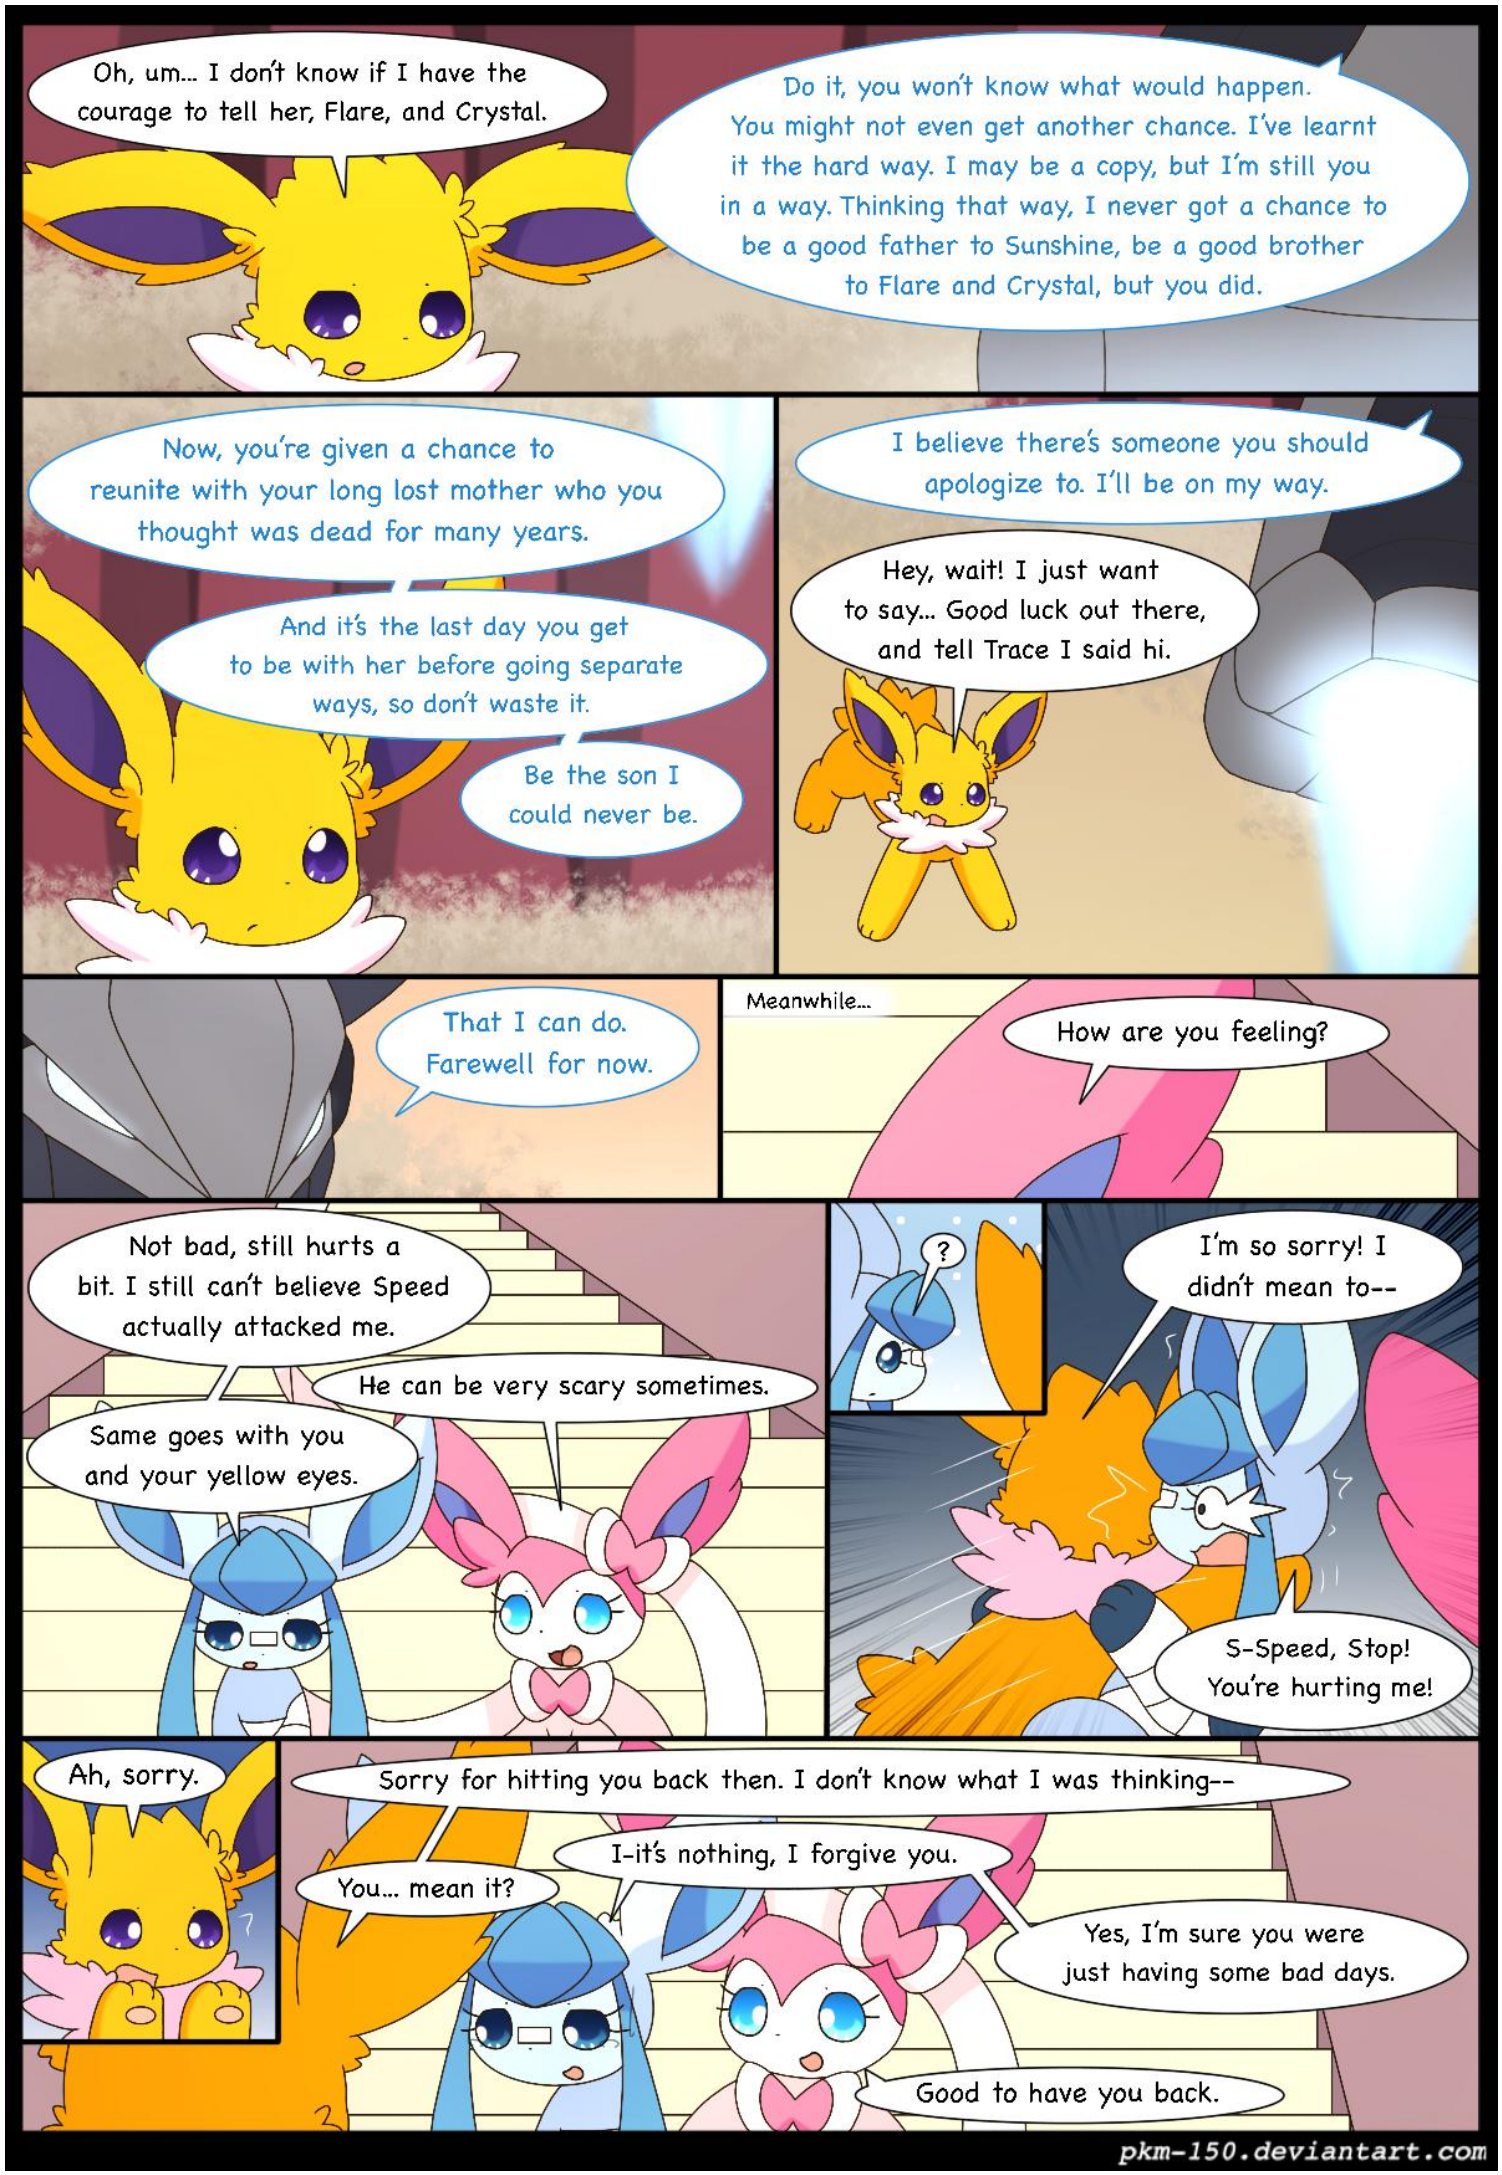
We're not perfect. We're never meant to be. We just need to learn from our mistakes.
And what Silvia said was right. You still have your soul. In fact, the Turbo Boost is tied to your soul and can never be separated as long as the Memory Path exists.
I still have my soul...? I'm still real and not a copy?
How many times do you have to be told that?
It just... I just had an outburst for no reason?
That's just a way to torture us.
I don't know what you're talking about.
Since you're here, do you know or have anything to do with why my Turbo Boost suddenly activated for 30 hours? It was unusual.
That was my doing. I borrowed your power to enter the Memory Path.
You said Memory Path twice? What's that?
Some sort of pocket dimension that connects all the worlds, dimensions, and universes that Amorphnisms or what we called Berserkers existed in.
It's also the source of the Berserker powers. I've reconstructed this map based on the info I found while I was in the Memory Path. The middle point is the Memory Path. The rest are the alternate realities that tied to it.
It looks like a network-- Wait, you mean there are many alternate realities? How is that even possible?
I have a theory, the Memory Path had split this world, or at the very least, encouraging the creation of alternate realities to protect from paradoxes and causality. I have a feeling that the Memory Path is actually what's left of what I'd like to call "the Original Timeline", the world that caused this mess to start in the first place.
I believe this repeated creation of the worlds that house the Berserkers is called "the Cycle of Rebirth".
That's insane...
pkm-150.deviantart.com

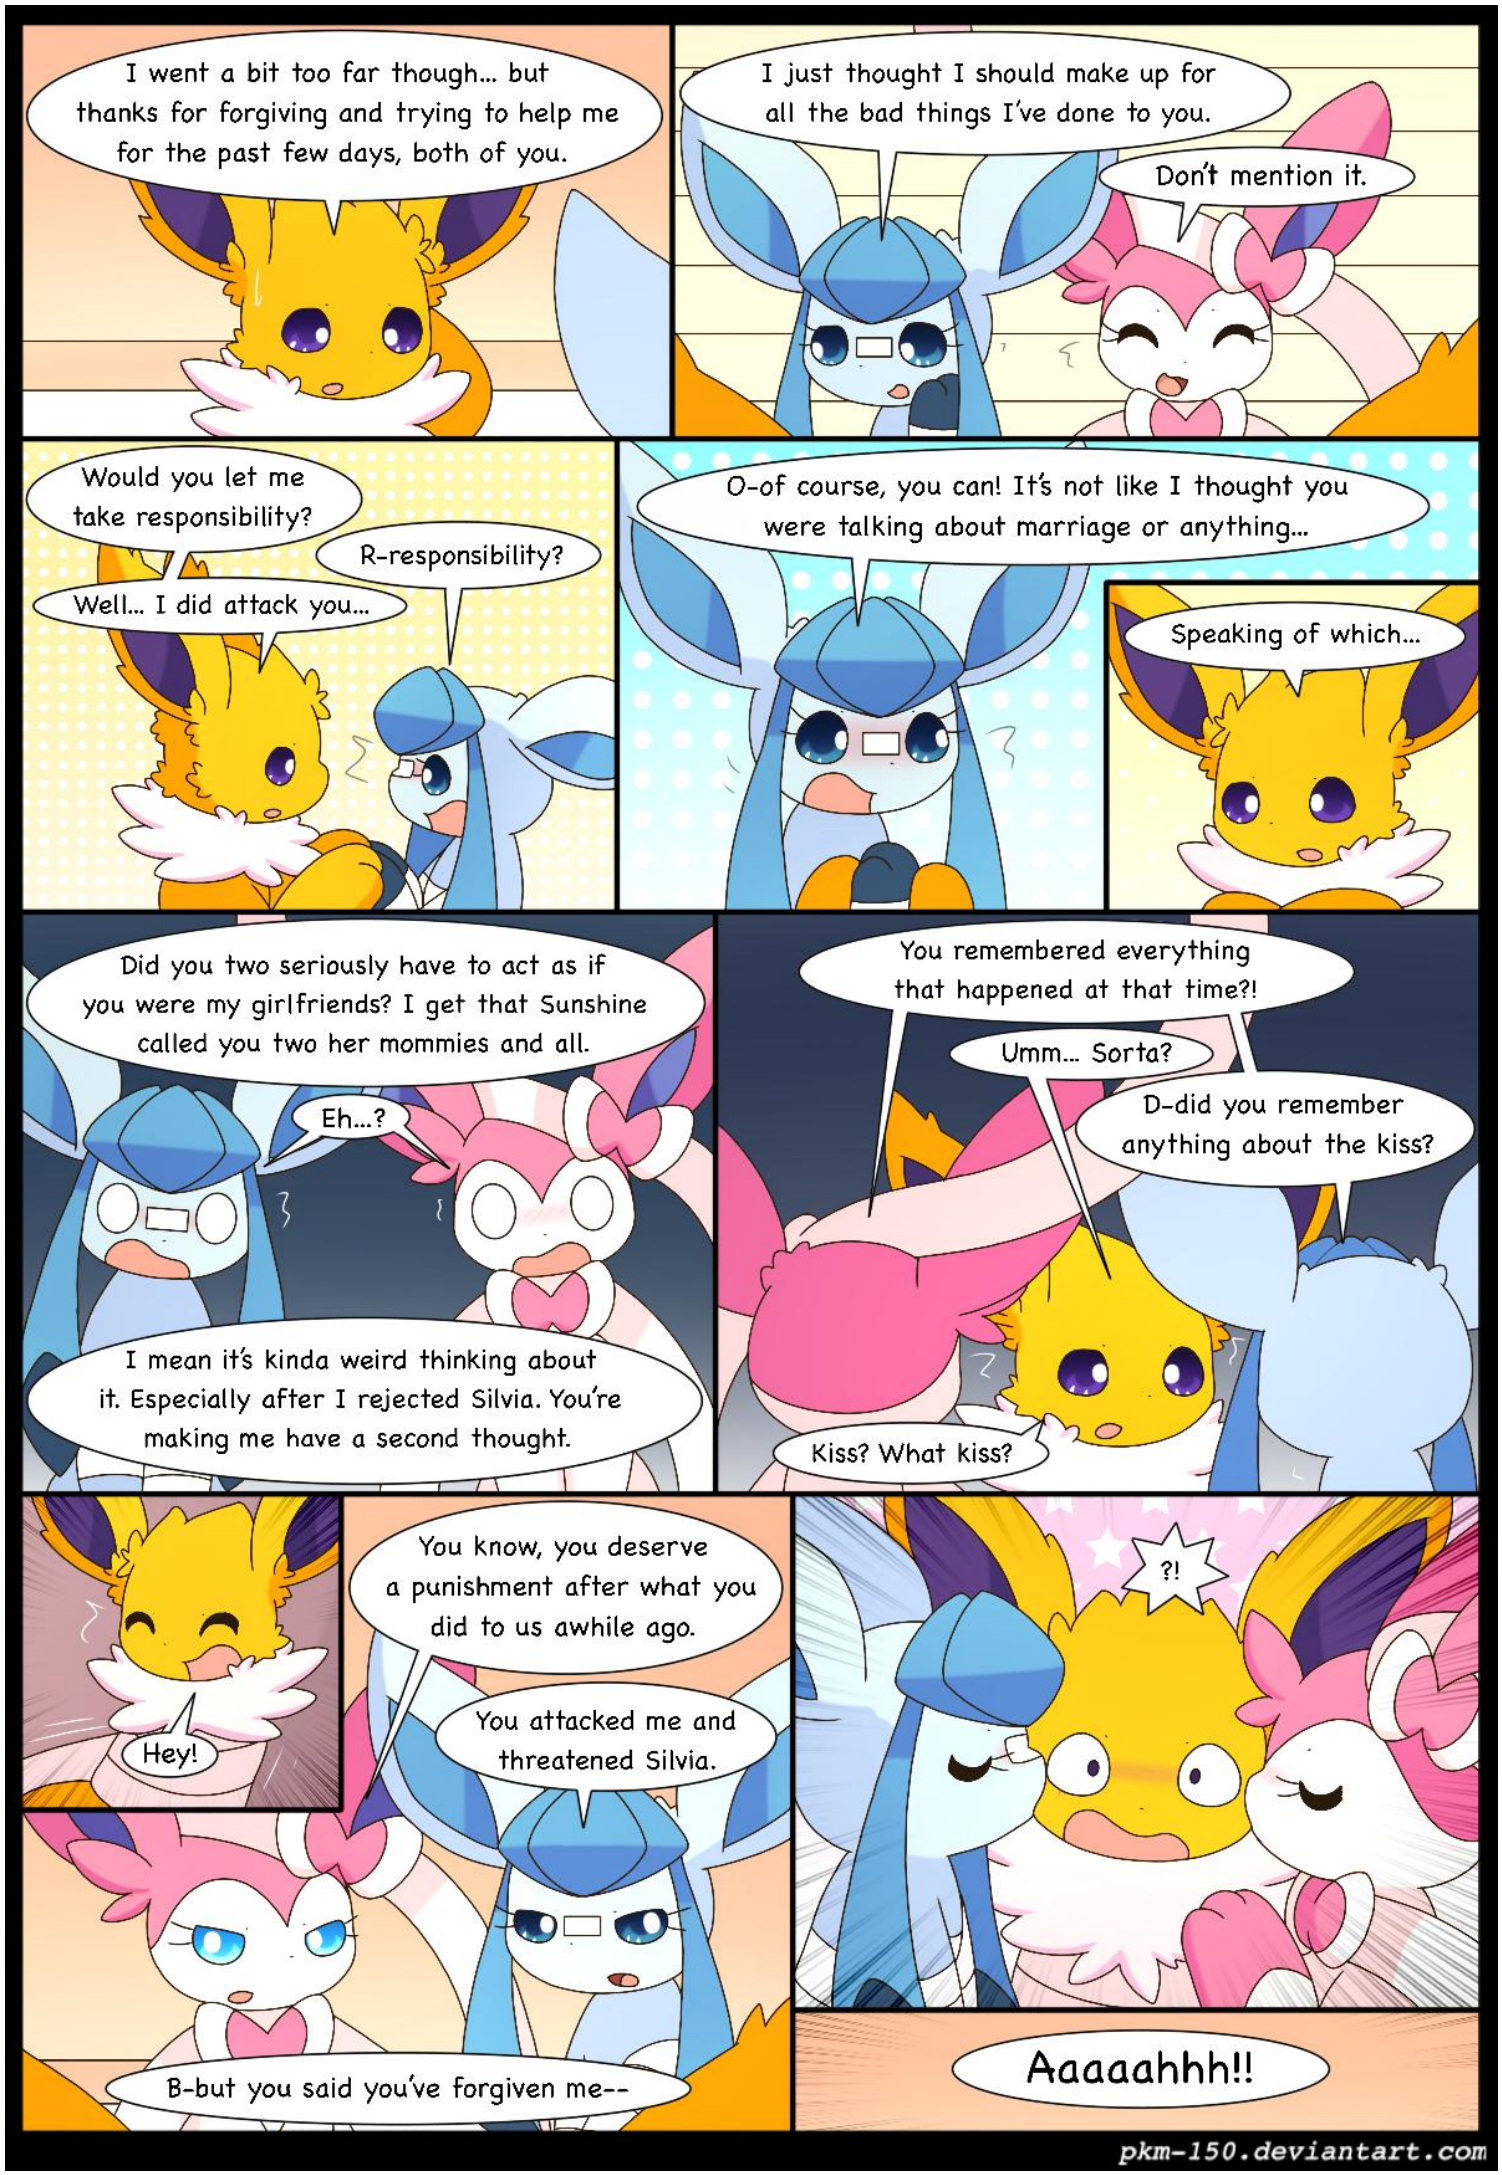


I've also discovered that the "Primus" power or "Turbo Boost" isn't tied to the Memory Path the same way the other Berserker powers are. And rather than drawing power from the negative energy, it draws power from the souls of those who've become Category 1 and 2, making it the most unique Berserker power. Those souls are trapped in a part of the Memory Path that I'd like to call "the Colorless World".
That's why you can't get infected by the Berserker Virus, because you're already a Berserker since the beginning. However, Turbo Boost was meant to kill you instantly the moment you activated it. You only survived it for less than a minute because your body adapts to it in some degrees as you grew older.
That explains the drawback and why I was called blue eyed Berserker...
I know it may be sudden and confusing, but there's a monster invasion happening in our home continent and many are trying to stop it.
You want me to join the battle?
Joining or not, it's up to you. But we could use all the help we can get.
I think I'm getting too rusty to do anything helpful. I'm not that strong anymore.
You don't need to be strong. The thing is... I've already rigged Megaton to hone in on you. In case you want to help out, just call it.
Megaton? That armor is too dangerous.
If we were to fail, Megaton is our last option to end this invasion.
You mean by nuking the enemies?
You know it.
Man... It's like Berserker Outbreak all over again...
I know it must be very confusing. It all happened so suddenly. It shouldn't have happened, but it did. Let's just focus on your life for now. When are you going to tell mom about your relation?

pkm-150.deviantart.com



Oh, um... I don't know if I have the courage to tell her, Flare, and Crystal.
Do it, you won't know what would happen. You might not even get another chance. I've learnt it the hard way. I may be a copy, but I'm still you in a way. Thinking that way, I never got a chance to be a good father to Sunshine, be a good brother to Flare and Crystal, but you did.
Now, you're given a chance to reunite with your long lost mother who you thought was dead for many years.
And it's the last day you get to be with her before going separate ways, so don't waste it.
Be the son I could never be.
I believe there's someone you should apologize to. I'll be on my way.
Hey, wait! I just want to say... Good luck out there, and tell Trace I said hi.
That I can do. Farewell for now.
Meanwhile...
How are you feeling?
Not bad, still hurts a bit. I still can't believe Speed actually attacked me.
He can be very scary sometimes.
Same goes with you and your yellow eyes.
?
I'm so sorry! I didn't mean to--
S-Speed, Stop! You're hurting me!
Ah, sorry.
Sorry for hitting you back then. I don't know what I was thinking--
I-it's nothing, I forgive you.
You... mean it?
Yes, I'm sure you were just having some bad days.
Good to have you back.
pkm-150.deviantart.com



I went a bit too far though... but thanks for forgiving and trying to help me for the past few days, both of you.
I just thought I should make up for all the bad things I've done to you.
Don't mention it.
Would you let me take responsibility?
R-responsibility?
Well... I did attack you...
O-of course, you can! It's not like I thought you were talking about marriage or anything...
Speaking of which...
Did you two seriously have to act as if you were my girlfriends? I get that Sunshine called you two her mommies and all.
Eh...?
I mean it's kinda weird thinking about it. Especially after I rejected Silvia. You're making me have a second thought.
You remembered everything that happened at that time?!
Umm... Sorta?
D-did you remember anything about the kiss?
Kiss? What kiss?
Hey!
You know, you deserve a punishment after what you did to us awhile ago.
You attacked me and threatened Silvia.
B-but you said you've forgiven me--
?!
Aaaaahhh!!
pkm-150.deviantart.com

Soon...
Your ruff is oddly soft~
Hey, how come only you get to ride him?
I'm the one wounded here. Besides, you have ridden him before.
Hmph!
Okay, now that's starting to sound weird.
What in the world happened to Lazuli?
She... accidentally fell off a small cliff next to this house.
What?!
We heard the screams awhile back, we thought you were just playing.
Don't worry, I've already treated her wounds with um... a medical kit in Speed's ruff.
...
Later...
Here it is, our dinner.
Smells good! What's the main course?
Vegetable Stew.
Yum!
What are we waiting for? Let's take a seat!
Mrs. Mollie?
Yes?
16 years ago, you lost 3 eggs--
Huh?
Maybe I should have phrased it as a question.
16 years ago, did you lose 3 eggs in an accident?
Y-yes, it's true.
What is happening right now...?
pkm-150.deviantart.com

Sorry for asking out of the blue... I believe we're your lost kids.
Barely missed, we survived.
H-how...? I saw the roof...
Am I dreaming...?
Is Mrs. Mollie really...?
Yeah... So that's what he meant...
Mommy!!
I thought you were dead!
Mom!
I thought you weren't alive anymore... My children... My sweet children... You've been alive all this time...
We are!
Grandma!
Can I call you grandma?
They're really hers...?
Yes.
Why didn't you tell us sooner?
Not everyone was ready for this...
I'm very happy for you.
I have an idea! Let's make this a reunion party for Mollie!
Not a bad idea after what just happened to one of the girls this evening.
Were you being sarcastic?
Whoa, you're really Yellow's mom? That's awesome!
It's nothing, I'm just happy.
Sis?
How's your body doing?
